

Curriculum Vitae

Last name:	MORDANT
First names:	Thomas, Jacques, Louis
Nationality:	French
Born on:	October 23rd, 1998, in Caen, France
Personal address:	50 avenue de Villeneuve l'Étang, Bâtiment 7, 78000 Versailles, France
Professional address:	Laboratoire de Mathématiques d'Orsay, Université Paris-Saclay Faculté des Sciences d'Orsay, Bâtiment 307 91405 Orsay Cedex, France
E-mail address:	thomas.mordant@universite-paris-saclay.fr
Website:	https://www.imo.universite-paris-saclay.fr/en/perso/thomas-mordant/

Education

2013	Baccalauréat (High School Diploma), Specialty Mathematics, with highest honors
2015–2019	Studies at the École Normale Supérieure (Paris)
2015–2016	BSc in Mathematics (L3), Paris 11-ENS, with highest honors
2016–2017	First year of Master's program in Mathematics (M1), Paris 11-ENS, with highest honors
2017–2018	MSc in Mathematics (M2), Paris 6-ENS, with highest honors
2019	Diploma of the École Normale Supérieure (Paris), Main Specialty Mathematics
April 2023	PhD in Mathematics, Institut de Mathématiques d'Orsay: <i>Griffiths-Kato heights of pencils of projective varieties</i> (advisor: J.-B. BOST)

Professional experience

2019–2023	PhD student in Mathematics at the Institut de Mathématiques d'Orsay
2022–	Teaching in L3, Magistère de Mathématiques , Université Paris-Saclay
September 2023–	Hadamard Lecturer at the Institut de Mathématiques d'Orsay

Teaching and involvement in scientific events

2018–2020	Oral examinations in MP* (Classes Préparatoires) at the Lycée Hoche, Versailles.
July 2020 and 2021	Exercise sessions for the summer school for high-school students <i>Maths-Sciences</i> at the École Normale Supérieure.
2019–2022	Corrector of the <i>Marathon d'Orsay de Mathématiques</i> , organized by F. BOURGEOIS.
2021–2022	Co-organizer of the <i>Séminaire des doctorants</i> of the École Doctorale de Mathématiques Hadamard.
2022–	Supervision of the students' oral presentations in L3, Magistère de Mathématiques, Université Paris-Saclay.
2023–	Exercise sessions of the <i>Algèbre 2</i> course in second semester of L3, Magistère de Mathématiques, Université Paris-Saclay.
2023–2024	Supervision of a L3 project (Bachelor's thesis) at the Magistère de Mathématiques, Université Paris-Saclay, titled <i>Courbes elliptiques sur \mathbb{C}</i> and written by Traian DEMAIS and Sana EL ATTAR.
2024–2025	Co-organizer of the <i>Learning seminar on D-modules</i> at the Institut de Mathématiques d'Orsay.

Seminar and conference talks

- November 22nd, 2018: *Taquin bloc à changer*, École Normale Supérieure (Paris), Seminar *Maths pour tous*.
- April 14th, 2021: *Fibrés de Hodge et hauteurs de Griffiths*, Institut de Mathématiques d'Orsay, *Séminaire des doctorants* (Seminar of PhD students).
- June 1st, 2021: *Hauteurs de Griffiths-Kato des hypersurfaces*, Institut de Mathématiques d'Orsay, *Séminaire d'Arithmétique et Géométrie Algébrique*.
- August 30th, 2023: *Discriminant de polynômes homogènes à plusieurs variables : géométrie et arithmétique*, Institut de Mathématiques d'Orsay, *Journées de rentrée des Masters* (Welcome days for the Master's program) of the Fondation Mathématique Jacques Hadamard.
- October 4th, 2023: *Pinceaux d'hypersurfaces projectives et hauteurs de Griffiths-Kato*, École Polytechnique, *Séminaire de géométrie* of the Centre de Mathématiques Laurent Schwartz.
- April 22nd and 29th, 2024: *Bons espaces de modules d'après Alper : définitions et premiers résultats*, Institut de Mathématiques d'Orsay, *Groupe de travail sur les champs algébriques et les bons espaces de modules* (Learning seminar on algebraic stacks and good moduli spaces).
- May 15th, 2024: *Théorie géométrique des invariants et hypersurfaces projectives singulières*, Institut Henri Poincaré, Paris, *Séminaire du RÉGA* (Seminar of PhD students and postdocs in algebraic geometry).
- June 11th, 2024: *Griffiths heights of pencils of hypersurfaces and geometric invariant theory*, Chalmers University, Arithmetic geometry days *Gothenburg Freixit*.
- November 19th and 26th and December 3rd, 2024: *Modules with integrable connections on analytic and algebraic complex varieties: Regular connections and regular singular points in dimension 1*, Institut de Mathématiques d'Orsay, *Learning seminar on D-modules*.
- February 12th, 2025: *Géométrie, algèbre, arithmétique : jadis et naguère*, jointly with Jean-Benoît BOST, EDF Lab, *Paris-Saclay Summit 2025*.

Publications and preprints

0. PhD memoir: *Griffiths-Kato heights of pencils of projective varieties*, April 2023, xvi + 130 pages.
https://www.imo.universite-paris-saclay.fr/media/filer_public/d6/73/d673e66ec6dc-401c-a94c-ed92a192b41d/thesesseconddepotcorrigé.pdf
1. *Griffiths heights and pencils of hypersurfaces*, version 3, December 2024, to appear in the Mémoires de la Société Mathématique de France, 122 pages.
<https://arxiv.org/abs/2212.11019v3>
2. *A note on the semistability of singular projective hypersurfaces*, Mathematische Zeitschrift (2024) 306:67, 19 pages.
<https://arxiv.org/abs/2312.09774> and <https://rdcu.be/dBgnF>
3. *Pencils of projective hypersurfaces, Griffiths heights and geometric invariant theory. I*, June 2025, 40 pages.
<https://arxiv.org/abs/2506.15334>

4. *Pencils of projective hypersurfaces, Griffiths heights and geometric invariant theory. II Hypersurfaces with semihomogeneous singularities*, June 2025, 27 pages.

Other competences

Programming languages: Python, Caml, VerbTeX Pro

Languages:

English: full professional ability

German: high-school level

Italian: B1 level

Other interests

Musicology: music from the 18th and 19th centuries; operas by Mozart.
